Several G.Os referred to in the letter are put up (also flagged). to gether with a draft D.O letter to the Conservator of Forests.

25.2.24

3) Previous orders of Govt are clear in the matter. In the G of 8th Dec 1923, a sum of Rs 5000 was sanctioned as advance to the Conservator for Cultivs & Stalls hay, & he was requested to suppply it to affected districts on requisitions from Deputy Comrs. As larger quantities of Stocks were felt necessary, the Conservator was asked in the G.O. of 26th Dec 1923 (para 9) to submit an Estimate for cultivs & Stalls in 2000 tons of grass. He sent an Estimate for Rs 35000, but as the Director of Agriculture said that 6000 tons would be required for the Marches Camps etc Govt sanctioned Rs 95000, being the Estimate for cultivs & Stalls 6000 tons in G.O. dated 11th Jan 1924. The whole Stocks was not meant. Even then for the sole use of the Camps Stalls by the Agricultural Dept. In the 2nd para of the order, it was clearly stated that the supply was meant both for sale & for free issue, the price being fixed at Rs 20 per ton (para 4). The misinterpretation of the G.O. by the Conservator does not seem to be correct.

25

D 396

Dear Mr. Anantaraman,

With reference to Government Order No.221-32/Dis. 8-23-5 B ted the 11th January last, directing me to collect hay X nad forests to relieve distress situation in the maidan parts, I request you to obtain specific instructions from Government on the ~~following~~ points raised in the last para of my letter at an early date.

I am asked to collect 6,000 tons of hay and this quantity is based on the requirements of the Agricultural Department mainly in connection with a scheme for the marching of 5,000 cattle from the Maddagiri and Sira taluks of the Tumkur district and maintaining them in the malnad forests until seasonal conditions in these two taluks improve.

Incorrect?

At the same time the Government order indicates the purchase of paddy straw to relieve the situation in the Bangalore and Kolar districts.

I am however receiving indents for supply of hay from the Deputy Commissioners of Kolar and Bangalore directly, but I have not been able to comply with their indents owing to inadequate supply of waggons - a difficulty which I have already brought to the notice of the Government.

File has been pubd in another connection

From the several conversations I have had with the Director of Agriculture, I am led to presume that he will meet the situation of the Kolar and Bangalore districts from the paddy straw already purchased and collected by him, while I need only comply with his requirements at the several concentration camps. There is a possibility of interpretation of the Government order in this manner. But according to B para 4 of the Government order of the 11th January, hay collected by the Forest Department is to be made available to the public in the distress parts of the State at Rs.20 a ton, the transport charges being met by Government. Dr. Coleman fears that if this supply were to be sent by the Forest Department, it would not only interfere with the paddy straw

straw purchased at somewhat expensive rate by him, but also make it difficult for him to work out the scheme already approved and sanctioned by Government. There is some force in his argument and how far it is reasonable I cannot say.

My position has therefore become anamolous. By complying with the requisitions of the Deputy Commissioners for the hay required by them, the despatch of hay to the various concentration camps of the Agricultural department will be affected or the disposal of paddy straw difficult. If I do not comply with the indents of the Deputy Commissioners, they will consider that I am not giving effect to the Government orders authorising the issue of hay at Rs.20 a ton in their railway stations.

I should, therefore, be obliged if you can kindly obtain for me definite instructions as to how I am to proceed in the matter.

Yours sincerely,

B. Ramaswamy

Dated, Bangalore 4th March *1924*

Dear Mr. Anantaraman,

With reference to your D.O. dated the 1st instant, re: funds required to book consignments of hay, I have to state that I would be requiring about Rs.7,500 to cover transport charges for 250 tons of hay.

Yours sincerely,

B.T. Ramaiya

Dear Mr.Ramiengar

With reference to correspondence ending with your D.O.No.318 dated 5th March 1924, in the matter of the funds required for the consignments of hay, I am desired to state that it is understood that the hay required for the marching camps is being booked by the Agricultural Department on credit slips, and that the same course could with advantage be adopted in respect of consignments booked by you to the Deputy Commissioners also. The Agent, Mysore Railways has been addressed to-day in the matter, and a copy of the letter written to him is enclosed for your information. If there is any difficulty in the way of doing so, you may meet the consignment charges from the balance available out of the Rs.95,000 placed at your disposal in G.O.No.221-32/Dis.8-23-5 dated the 11th January 1924. As further cutting of grass has been ordered to be stopped there must be ample balance still left in your hands out of the above amount. I am further to request you to forward for the information of Government a statement showing the total expenditure already incurred by you out of the grant placed at your disposal.

Yours sincerely,
